To,
The Principal,

Subject: Seminar on "Understanding JAN-2013 Format of NBA".

Respected Sir,

K.B.P. college of Engineering and polytechnic, Satara is happy to inform you that we have arranged a two days seminar on " Understanding JAN-2013 Format of NBA", for all Engineering colleges under Shivaji University on 22nd and 23rd July 2013. We request you and the concerned NBA co-coordinator to depute your representatives from faculty to participate in this seminar and make use of the opportunity.

The enclosed brochure provides the program objectives and other details.

Thanking you in anticipation.

Copy for information:

1. Director, BCUD, Shivaji University, Kolhapur.

Yours Sincerely,

Schedule of Seminar

DAY 1 (Monday, 22/07/2013)	
10.00am to 11.00am	Registration & Inauguration
11.00am to 11.30am	Tea Break
11.30am to 01.00pm	Need for NBA Introductory Session & OBE-Role of students
01.00pm to 02.00pm	Lunch
02.00pm to 03.30pm	Criterion for NBA accreditation JAN 2013
03.30pm to 05.00pm	OBE Assessment & evaluation Guidelines for NBA
DAY 2 (Tuesday, 23/07/2013)	
10.00am to 11.30am	SAR preparation Part-I General
11.30am to 01.00pm	SAR preparation Part -II Criterion-1,2 &3 and the implications
01.00pm to 02.00pm	Lunch
02.00pm to 03.30pm	Defining PEO's & NBA SAR sources and References a brief
03.30pm to 04.30pm	Valedictory

About The Institute

Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil College of Engineering and Polytechnic, Satara, established in 1983 has created its unique identity by the way of imparting multiple opportunities to students for acquiring quality education and making all round development of their inner traits. The institute is approved by AICTE, New Delhi recognized by DTE, Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. The institute, at present offers five undergraduate programs, five diploma programs and two post graduate courses. A large number of KBP alumni are working in leadership positions in academia, government and industry in India and abroad.

Participation/venue

KBP College of Engineering & Poly., takes great pleasure in extending cordial invitation to the faculty of all engineering colleges to participate in the two days seminar. The venue of the seminar will be Seminar hall, KBP college of engineering & Poly., Satara.

Background

The technical education in India is going through radical and revolutionary changes giving more importance to qualitative changes. The drive of accreditation symbolizes growing interest in applying quality initiatives in the institutes. This seminar will focus on understanding the new format of NBA which will cover aspects like Criterion for NBA accreditation, SAR preparation, Evaluation Guidelines and Defining the PEO's etc. As the new NBA format of Jan 2013 supersedes all earlier formats and is made mandatory for all technical institutions who will be applying for accreditation by NBA, this programme will prove to be beneficial to all engineering colleges.

Objectives

The proposed two days programme would focus on various quality interventions in technical education institutions and touch upon the quality evaluation system and process of accreditation of NBA as per the new format of January 2013.

Registration fees

Rs. 2000/- per participant (this includes seminar kit, tea and working lunch only). DD shall be drawn in favor of "The Principal, KBP College of Engineering & Poly., Satara", Payable at satara. The participants will have to make own arrangements for their travelling and stay at Satara. The duly filled in registration form along with the DD should reach the coordinators latest by 19th July 2013.

Activity Report

One day workshop on

“Open source technology for administrative and academic activities”

Name of the Coordinator: Mrs Dipali Ghatge.

Participants: 50

Organized By: ITCELL, KBPCOE, Satara

Use of open source technologies is very important and also beneficial for an organization. So that an one day workshop on “Open source technology for administrative and academic activities” is organized on 03-01-2015 by ITCELL of our institute. Teaching and non teaching staff members participated in the workshop. Hands on session were also conducted for better understanding. The workshop was very useful.

Event Coordinator,
Mrs. Dipali Ghatge

About The Department

The Mechanical Engineering Department is the well-established department with well-equipped laboratories of concerned subjects like, Mechatronics, RAC, I.C. Engine, Fluid Power Engg, Tool Engineering, CAD-CAM, Metallurgy, Metrology, Thermodynamics, Theory of machine, Research Lab etc.

Objective

A great deal of value is attached to published research. Writing research paper is an option for undertaking short period research investigation. However, several authors do not know how to write a research paper with the result that a large number of papers are rejected by peer reviewed quality journals. Writing a research paper is an art as well as a sophisticated knowledge based skill. Ph.D. Scholars are required to publish 2/3 research papers in refereed journals before the submission of thesis. Very few among the academia understand the finer nuances involved in writing a research paper which is publishable in a high quality refereed or peer reviewed journal. This workshop is expected to fill up this gap to some extent.

The main aim of the workshop is to assist the faculty members and students in academic institutions to develop their technical writing skills to write research

papers for conferences & journals. To provide an overview on various research tools. To discuss writing styles & how to avoid plagiarism. To discuss guidelines for organizing & planning a conference. The workshop is designed to benefit faculty & students who plan to do research papers.

Resource Person

Prof. Dilip S. Aldar

Associate Professor, Electronics Engg. Dept
K.B.P. College of Engg., Satara

Contents of the Workshop

- Different research tools for effective research.
- Typesetting journal articles, technical reports, books, and slide presentations.
- Control over large documents containing sectioning, cross references, tables and figures.
- Typesetting of complex mathematical formulas.
- Advanced typesetting of mathematics.
- Automatic generation of bibliographies and indexes.
- Inclusion of artwork and process or spot colour.
- Using PostScript or Meta font fonts.

About The Department

The Mechanical Engineering Department is the well-established department with well-equipped laboratories of concerned subjects like, Mechatronics, RAC, I.C. Engine, Fluid Power Engg, Tool Engineering, CAD-CAM, Metallurgy, Metrology, Thermodynamics, Theory of machine, Research Lab etc.

Objective

A great deal of value is attached to published research. Writing research paper is an option for undertaking short period research investigation. However, several authors do not know how to write a research paper with the result that a large number of papers are rejected by peer reviewed quality journals. Writing a research paper is an art as well as a sophisticated knowledge based skill. Ph.D. Scholars are required to publish 2/3 research papers in refereed journals before the submission of thesis. Very few among the academia understand the finer nuances involved in writing a research paper which is publishable in a high quality refereed or peer reviewed journal. This workshop is expected to fill up this gap to some extent.

The main aim of the workshop is to assist the faculty members and students in academic institutions to develop their technical writing skills to write research

papers for conferences & journals. To provide an overview on various research tools. To discuss writing styles & how to avoid plagiarism. To discuss guidelines for organizing & planning a conference. The workshop is designed to benefit faculty & students who plan to do research papers.

Engineering-I"

22nd August 2015

Sponsored by
Shivaji University, Kolhapur

Organized by
Electronics Engineering
Department

Rayat Shikshan Sanstha's
Karmaveer Bhaurao Patil
College of Engineering,
Satara

About The Institute

Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil College of Engineering and Polytechnic, Satara, established in 1983 has created its unique identity by the way of imparting multiple opportunities to students for acquiring quality education and making all round development of their inner traits. The institute is approved by AICTE, New Delhi recognized by DTE, Government of Maharashtra and affiliated to Shivaji University, Kolhapur. The institute, at present offers five undergraduate programs, five diploma programs and two post graduate courses. A large number of KBP alumni are working in leadership positions in academia, government and industry in India and abroad.

Presently, College has 5 undergraduate and 2 post graduate courses. Electronics Engineering Department has intake 120 for U.G. and 18 for P.G. We have 5 Faculty with Ph.D. and 3 pursuing Ph.D. The Electronics Engineering Department has Research Center with 10 Ph.D. registered scholars.

Participation/Venue

KBP College of Engineering & Poly., takes great pleasure in extending a cordial invitation to the faculty of engineering colleges.

The venue of the course is mini auditorium, K.B.P. College of Engineering, Satara

Workshop Objectives

- The workshop provides a comprehensive introduction to the contents of the revised syllabus of TE Electronics-I, with an emphasis on practical applications.
- This workshop is to have brainstorming sessions to the depth of the topics and the scope of the topics to be taught in the class.
- The workshop is to discuss and finalize the depth and contents of the practicals and tutorials to be conducted.
- This workshop is for deciding the pattern of the question paper for University Examination.
- This workshop is to have brainstorming sessions to the depth of the topics and the scope

of the topics to be taught in the class.

- This workshop is to have brainstorming sessions structure and the scope of the topics to be taught in the B.E. Electronics class w.e.f. 2016-17.

Workshop Content

The workshop content is

- Revised syllabus of T.E. (Electronics) Part I.
- Revised structure and syllabus of B.E. (Electronics).

Resource Persons

- **Dr. Bhagli A.C.**
Principal,
Sanjay Bhokare Group of Institutes,

Subject- Request to sponsor the ISTE approved STTP Workshop on Internet of Things

Dear Sir,

We take great pleasure in announcing that we are going to organize workshop with the prime object to provide a platform for the participants about, Internet of Things, Wireless Sensor Network and awareness about the research related topic on IIoT. The workshop has been scheduled in our college from 12th Dec 2016 to 22nd Dec 2016.

The resounding success of the workshop will be mainly due to the overwhelming response & contribution by all major industries and organizations in & around satara by their patronage/sponsorship.

You are one of the esteemed patrons & we look forward for your liberal sponsorship for this event. We would greatly appreciate your positive & workhearted response for this ambitious event thought by us.

The cheque is to be issued in the name of, The Principal, Karmaveer Bhaurao Patil College of Engg. Satara.

Thanking you in anticipation.

Yours Faithfully,

Principal

Karmaveer Bhaurao Patil College of Engg. Satara.

Dear Sir

On behalf of Karmaveer Bhaurao Patil College of Engineering Satara, I would like to thank you for your Informative Research Trends in IoT, Security Concern In IoT, Cloud In IoT, Cloud Infrastructure in IoT at the Two Weeks ISTE approved Short Term Training Program on "Internet of Things" dated 19/12/2016 to 21/12/2016. We are fortunate to have you as professional expertise and credentials volunteer time from your busy schedule to address the participants and serve as a resource person. Your guidance will definitely enhance the research interest of our participants in the upcoming challenges in IoT. It has been a pleasure working with you, and I look forward to working with you in future educational endeavors.

Sincerely,

Principal

Karmaveer Bhaurao Patil College of Engg. Satara.

Subject: - Thanks Letter

Dear Sir,

We are very grateful that you have given us the biggest opportunity to conduct two weeks Short Term Training Program on "Internet of Things" under ISTE. We are very much thankful for that and honestly state that it would not have been possible without your kind support.

It is our honor and pleasure to invite you for the event. Please spare your valuable time for us to grace our event with your presence. The event is scheduled from 12th Dec to 22nd Dec 2016. We hope that you will be associated with us in future also.

We are assuring you that, all update regarding this will be communicated to you.

Thanking you,

Yours faithfully,

Principal

Karmaveer Bhaurao Patil College of Engineering,
Satara.

Day_7

Day 6 session has covered by Mr. Amol Dandekar . he conducted hands on session on Raspberry Pi

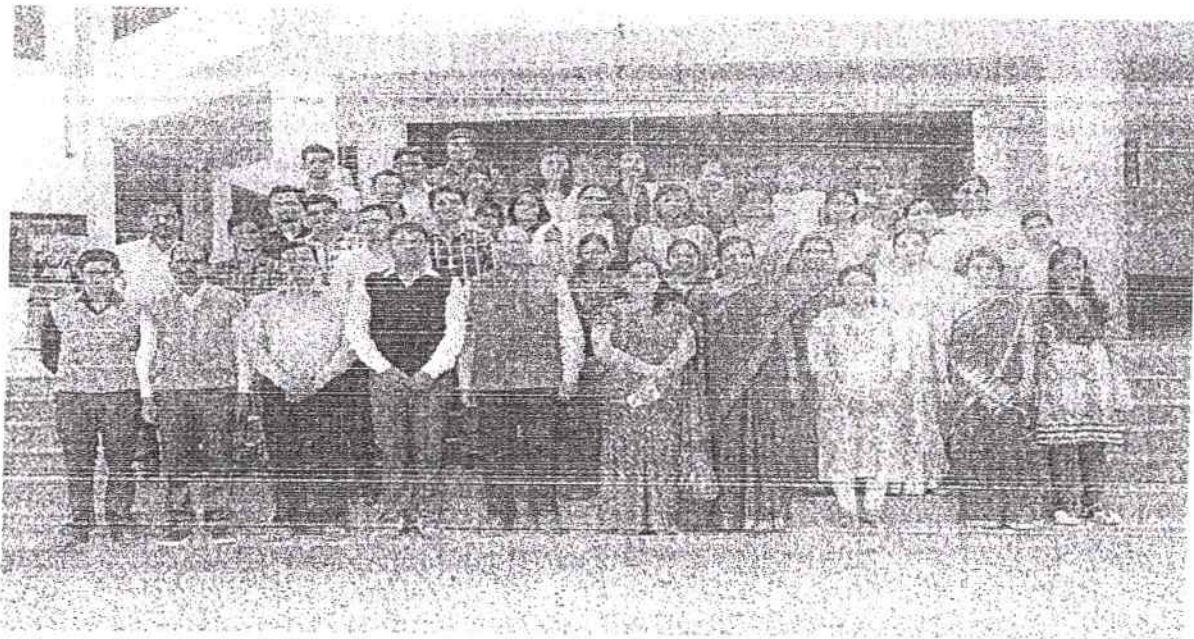

Valedictory Function

We thank and congratulate to our H.O.D Mrs. Sayyad S.G. Mam and Mr. Dangat Ganesh for successfully organizing the STTP on IoT workshop and we are also thankful to the various resource persons from esteemed organization for bringing Internet on Things to our doorsteps.

We learnt the concepts of Internet on Things and other networking concepts. We felt confident about handling Internet on Things in our personal life. hopefully we will organize such wonderful workshops on Recent technology for the student & faculty Development in future. We have invited Dr. B.B. Godbole as the Chief Guest of Valedictory function of our Two Week STTP on IoT.

Participants were given feedback positively and motivate us to organize the different kinds of workshop

Mr. Anand B. Tapase (9763305600)
Civil Engineering Department

Introduction

Intellectual Property Rights (IPR) include patents, copyright, industrial design rights, trademarks, plant variety rights, trade dress, geographical indications are the rights granted by the government to an inventor (or the creator of an original work), giving the owner the right to exclude others from making, using, selling, offering to sell, and importing an invention for a limited period of time, in exchange for the public disclosure of the invention. "The history of patents does not begin with inventions, but rather with royal grants by Queen Elizabeth I (1558-1603) for monopoly privileges". Today a patent represents a legal right obtained by an inventor providing for exclusive control over the production and sale of his mechanical or scientific invention.

The workshop is designed to offer the participants the knowledge of IPR and to get an idea about how the inventions or the original creation can be protected by law. Also the participants will be made aware about various career opportunities associated with the IPR. To boost research and make participants aware about such exclusive rights which allow owners of intellectual property to benefit from the property that they have created, providing a financial incentive for the creation of an investment in intellectual property, and, in case of patents, pay associated research and development costs.

About Rayat Shikshan Sanstha

The Rayat Shikshan Sanstha is one of the leading educational organization in South Asia. The value of its contribution to education in general, is enormously great as it has, from the very beginning, tried all its best to lay emphasis on the education of the down-trodden, the poor and the ignorant who really form the major bulk of society. The founder of the institution, late Dr. Karmaveer Bhaurao Patil, was a man of the masses who devoted all his mind and heart to the cause of their education. Rayat Shikshan Sanstha stand for strives for and has accomplished to a great extent what the founder father had in his mind. Betterment of the under privileged achieved

through the Sanstha is the outcome of Padmabhushan Dr. Karmaveer Bhaurao Patil's perfect vision of foresight. Sanstha with missionary zeal has been honored with many titles and awards by both the state and central government Viz "Dalit Mitra Puraskar", "Dr. Ambedkar award", Shahu Puraskar, etc.

About Rayat Inst. Of Research & Devp.

Rayat Shikshan Sanstha's, Rayat Institute of Research & Development (RIRD) is a stand alone research institute affiliated to Shivaji University Kolhapur. At present RIRD has recognition of Twenty Five subjects which includes subjects like Education, Arts, Commerce, Science, Management, Engineering, Law, etc for M.Phil and Ph.D. The institute has modern amenities and facilities keeping in tune with changing scenario. Institute has highly qualified and experienced faculty and offer excellent facilities.

About Karmaveer Bhaurao Patil College of Engineering, Satara

Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil College of Engineering, Satara is one of the esteemed educational institutions in the state of Maharashtra. The college was established in year 1983 and has continued its prestigious journey for the last Thirty Four years. College is affiliated to Shivaji University, Kolhapur, approved by DTE, Mumbai and AICTE, New Delhi. This institute has created its unique identity by way of offering multiple opportunities to students for acquiring quality education and making all round development of their inner traits.

Objectives

- 1) To introduce participants to the field of Intellectual Property Rights (IPR) include patents, copyright, industrial design rights, trademarks, plant variety rights, trade dress, geographical indications.
- 2) To guide the participants about the career opportunities in IPR.

- 1) To encourage the participants to protect their Intellectual Properties as per the domain by filing Patent, Design Application, Copy Right, Trade Mark, G.I. etc.

Who should attend

PG Students

Research Scholars

Faculty Members

Professionals

Participants Certificate will be Awarded

Resource Person:

Prof. Ganesh Hingmere is a renowned Intellectual Property (IP) Enthusiast and a winner of two Consecutive National Awards for "**Best Facilitation of Registration of Geographical Indications and Promotion of Registered India**" given by Ministry of Commerce, Gov. of India. Ganesh completed his LL.M. from UK. He has completed several Professional Trainings viz. Japan Patent Office, IIT Institute of Foreign Trade, IIT, Kanpur and NISCAIR. the founder of Great Mission Group Consultancy who dedicated towards promotion of IPR.

Published more than 70 articles and numerous news articles all majorly circulated news papers of Maharashtra and He has also authored two books on Economics and IPR. He attended five Ministerial Conferences of World Organization (WTO) at Cancun (2003), Hong Kong (2005), Geneva (2011), Indonesia (2013) and Kenya (2014). His two position papers on GI issues have been published in the Website.

The Executive Director
Karmaveer Vidya Prabhodini
Rayat Shikshan Sanstha, Satara.

Subject: Approval for Certificate Course in "Industrial Automation Using PLC"

Sir,

Electronics Engineering Department of Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil College of Engineering, Satara has designed a Certificate Course in "Industrial Automation Using PLC", in the benefit of students and people associated with automation in industry.

Department have noted that the curricula of Electronics Engineering, UG course and expectations of Engineering Industry are differing on some of the key areas. One of the key area is associated with industrial automation where Electronics Engineering and Automation of Machines in Mechanical and Civil Engineering Industry need to focused on. The university syllabi, out of constraints may not focus on specific key requirements. The Electronics Engineering Department of this institute had identified this requirement and started training the students since last year. The courses conducted up till were up to institute level courses. This year onwards department wishes to run it as full-fledged certificate course, hence this application is submitted for approval.

The details are as below.

1. Name of Institute: Karmaveer Bhaurao Patil College of Engineering Satara.
2. Department: Electronics Engineering Department.
3. Name of the Course: Certificate Course in "Industrial Automation Using PLC"

Following documents are attached herewith for your kind reference.

1. Letter forming Board of Studies (BoS) for this course.
2. Resolution of BoS for the course.
3. Copy of Syllabus approved by BoS
4. Remuneration distribution format.

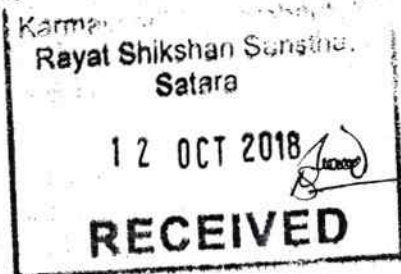

The permission and approval please be granted.

Thanking You

Rajan Devi

Minutes of Meeting

Meeting of Board of Studies in 'Certificate Course in Industrial Automation using PLC'

Meeting Date: 25 Sept 2018

The Meeting of Board of Studies in 'Certificate Course in Industrial Automation using PLC' was held on 25th Sept 2018 in Electronics Engineering Department, Karmaveer Bhaurao Patil College of Engineering, Satara.

Following members attended the meeting

- | | |
|-------------------------|------------------------------------|
| 1. Dr. S. M. Sangale | Chairman |
| 2. Prof. V. S. Shingate | Coordinator |
| 3. Prof. R. J. Devi | Professional Expert |
| 4. Dr. B. B. Godbole | Coordinator Skill Development Cell |
| 5. Prof. S. S. Lokhande | Invited Member |

Prof. S. S. Mane Training and Placement officer and Mr. L. S. Nande, Professional Expert from Maxion Wheels Pvt. Ltd. Pune expressed their inability to attend the meeting. However the course details were discussed with Mr. L. S. Nande, telephonically.

Following are the resolutions passed in the meeting.

1. Discussion on draft Syllabus.

The Syllabus is discussed and revised as per the requirements of Rayat Shikshan Santha's letter no. skill/1633, dated 23 May 2018. Copy of revised syllabus is attached herewith, is approved by this committee.

Proposed by: Prof. S. S. Lokhande

Seconded by: Prof. R. J. Devi

The resolution is unanimously passed by all members

2. Any other point with the permission of chair.

- a. Introduction of Industrial visit and training.

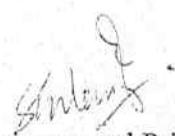

It is discussed and resolved that the industrial visit should be arranged to aware the students about use of PLC in Industrial applications.

Proposed by: Dr. B. B. Godbole

Seconded by: Prof. V. S. Shingate

The resolution is unanimously passed by all members

The meeting was concluded with vote of thanks.

Certificate Course in "Industrial Automation using PLC"

Syllabus (Theory)

Contents	Duration (in Hrs)
Introduction to PLC, Logic Symbolology, I/o systems specifications	03
Study of I/o modules Handling of Data, Analog & Digital I/o	03
Different PLC Brands and Softwares used in the Automation Industry, Recent Trends in the automation industry in the era of Internet of things	03
Introduction to Programming Languages, Ladder Diagram, Programming and Instructions.	03
Introduction to Documentation, Steps for Documentation, PLC Documentation Systems.	04
Introduction to OPAC, Open PLC concepts Introduction to Special I/O Modules, Special Discrete Interfaces	04
Special Analog, Temperature, and PID Interfaces, Showing and Introducing Discrete I/ O unit.	04
Guidance on Entrepreneurship development	03
Guidance on Mudra Yojana from Experts	03
Introduction to SCADA	03
Total (1)	33

Syllabus (Practical)

Contents	Duration (in Hrs)
Showing and Introducing and on screen demo of different operations of PLC	05
Case study	05
Introduction to Codesys, Codesys on screen demo, Programming with Codesys , PLC Interfacing	06
Case study, building a small application using external switches and HMI keys as input and bulbs.	06
Experimentation with PLC	06
Introduction to VFD and demo, Experimentation with VFD alongwith Examples	06
Mini Project	06
Industrial visit and training	06
Total (2)	46
Grand Total (1+2)	79

Subject: Request to approve for expenditure pattern and remuneration distribution for Certificate course in Industrial Automation using PLC

Sir,

Electronics Department is proposing to conduct a Certificate course in Industrial Automation using PLC. The course is proposed to be conducted as per demand by candidates.

The Expenditure Pattern for this course form total income during the course will be

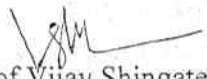

Total Income amount = A

Less expenditure towards course (TADA to resource person, lunch, breakfast and tea, stationary and miscellaneous expenses) = B

Amount available for remuneration distribution = C = (A-B)

Amount C will be distributed as follows.

- 50% of C to Institute
- 20% of C to Guest Faculty
- 15% of C to Internal Faculty
- 10% of C to Supporting Staff
- 3% of C to Office
- 1% of C to Principal
- 1% of C to Head of Department

Coordinators report

Course Title: Industrial Automation (Write lead college proposed name)

Course period: 5 Dec 2017 to 9 Dec 2017

Total Proposal budget: Rs 47,700/-

Total Expenditure incurred: Rs

Course sanctioned by Lead college committee in meeting MOM ref No. Dated:

The course/workshop on Industrial Automation, started on 5th Dec 2018 and completed successfully on 9th Dec 2017. Total 49 participants registered including faculty, along with students from surrounding institutes.

The intension of this course was to bridge the gap between syllabus contents and industry requirements. Industries largely work with automated systems. PLCs are inherent controllers used for automation. The syllabus do not focus much on this one of the requirements hence separate course / workshop was proposed under lead college scheme of Shivaji University Kolhapur. The organizers of course are thankful to the lead college committee for approving the course.

The lecture and hands on practice sessions were part of course and is conducted by experienced faculty in the institute and by people from industry. Involvement of industry experiences people proved more beneficial to the participants that gave them the insight of work requirements in industry.

The Electronics department of this institute contributed a lot for making available the equipments like Mitsubishi PLCs, Control accessories, variable frequency drives, Induction motors, Computers and softwares to enable participants for hands on practice.

The coordinators express their sincere thanks to faculty and staff of Electronics Engineering Department, Head of Electronics Engineering Department and Principal, Karmaveer Bhaurao Patil College of Engineering, Satara for extended cooperation

About the Institute :

Rayat Shikshan Sanstha's Karmaveer Bhaurao Patil College of Engineering Satara, established in 1983 has created its unique identity by way of imparting multiple opportunities to students for acquiring quality education and making all round development of their inner traits. The institute is approved by AICTE, New Delhi, recognized by Govt. of Maharashtra and affiliated to Shivaji University, Kolhapur. The institute, at present offers two postgraduate programs, four undergraduate programs.

About the Workshop :

Teaching is noble profession but besides nobility, teaching in Higher Education demands effective application of appropriate teaching methods. Adopting the best teaching practices increase the competency of faculty in meeting the challenges of education in professional institutes. The practice of innovative methods has the potential to enhance the learning process. Reforming teaching necessitates that teacher should learn to use effective teaching strategies.

It is widely accepted that today the role of teacher is changing from information provider to guide and facilitator. Therefore, it is expected that the teacher should discover techniques to enhance the teaching practice and develop essential competency. Apart from imparting instruction it is necessary to assess the learning process and evaluate the students. This requires ability to design and to use a variety of instructional and assessment methods.

It is useful to know what is the difference between Passive Listening and Active Learning, how to implement Group Activity in Classroom, how to make traditional Lecture Method more effective, What are the characteristics of Effective Teacher, how to design better assignments and tutorials, how to frame the challenging questions, how to link the Teaching and Learning Experience to the desired outcomes, what are innovative methods of Assessment, how to use Assessment Tools to enhance Learning Process. This workshop is intended to address such queries.

Basic aim of the workshop is to introduce the innovative methods of imparting instruction and discuss the various methods of assessment so that the overall Teaching - Learning Process is fruitful.

Objectives of Workshop :

1. To Provide exposure to innovative Teaching Methods.
2. To introduce various Teaching and Assessment Tools.
3. To Present various Assessment Methods.
4. To help to enhance Teaching Effectiveness.
5. To Facilitate for exchange of information and expertise among teachers.

Major Themes of Workshop :

- * Concept of Active Learning.
- * Project Based Learning.
- * Teaching and Assessment Tools.
- * Participative Teaching Methods.
- * Innovative Assessment Methods.

Who Should attend ?

The workshop is specially organized for teachers in Polytechnics and Engineering Colleges. The workshop is useful to the experienced teachers as well as those who are newer to this profession. It will familiarize the new entrants with innovative teaching methods and will provide opportunity to experienced teachers to update their skills and share their expertise.

Objectives and Outcomes of the Training

- By completing our ERP training, learners can implement suitable ERP software systems within their organizations. A single ERP software system will ensure to provide a common database to multiple departments within an organization. This helps in interconnecting all the functions or departments. Thus, all departments can access the same data and records, bringing uniformity in their functioning.
- After completing the training in ERP, learners will also be able to customize a system according to organizational requirements. An ERP system will provide various modules for various departments. These include modules for financial accounting, human resources, production planning, controlling, sales and distribution, materials management, plant management, quality management, etc. Trained professionals will be able to maintain a single database for all the required modules.
- ERP training courses can equip learners to do the mapping of an ERP system, as well as study the impacts of its implementation to make any required modifications to an existing system.
- Learners are also equipped to deal with a system to avoid its misuse or malfunctioning. Proper ERP training can help them in setting up users, allocating user identifications, monitoring users, and keeping a check on the appropriate use of authorizations.
- By taking up the training on specific ERP software systems, learners will be able to manage servers and the data. They will also be able to maintain the facilities of power and data backup. Effective training provided by our ERP experts can help them avoid data losses on ERP systems and reorient the systems according to their organization's ERP requirements.

to deal with a system to avoid its misuse or malfunctioning. Proper ERP training can help them in setting up users, allocating user identifications, monitoring users, and keeping a check on the appropriate use of authorisations. 5) By taking up the training on specific ERP software systems, learners will be able to manage servers and the data. They will also be able to maintain the facilities of power and data backup. Effective training provided by our ERP experts can help them avoid data losses on ERP systems and reorient the systems according to their organisations' ERP requirements.

Report in brief by Organizer / Coordinator / Convener:

An one day workshop was organised to train the non teaching and teaching staff. The training was about the ERP software and Open source system utilization. As the growing trend of automation there is need of ERP software in almost all types of organizations. So it becomes necessary to train the employees who are going to handle the software. Also Open source systems are nowadays are becoming very popular due to its free of cost nature. Such training is given to teaching staff as well so that if they are unaware of the open source system they can understand and try to use it. The trainers were the experts in this field and the participants were eager to learn the new things.

Feedback :

All the Participants were satisfied with the training content.

Thanks & Regards

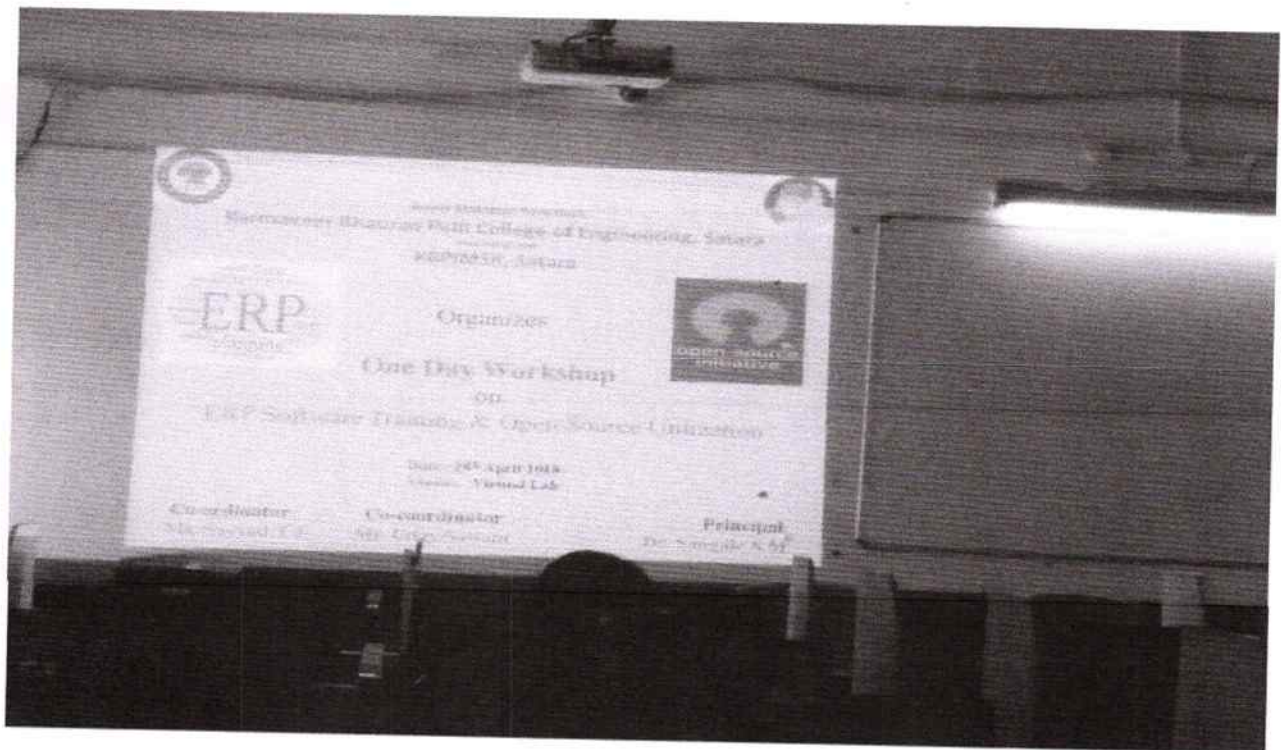

Coordinator-One Day Workshop on ERP Software Training and Open source Utilization

Subject: Invitation as a Resource Person for Workshop on "Cloud Computing".

Dear Sir,

It is our great pleasure and proud to learn that our alumnus is working at high rank in the field of Cloud Computing. We are very much confident that your experience in this field will be the path finder for the current students and faculty.

The Electronics Engineering Department of this institute is conducting a one day Workshop on 'Cloud Computing' on 27th April 2018. It is our great pleasure to invite you as a Resource person and expect you to share your expertise in the field of Cloud Computing.

Kind request is to accept our invite and communicate your acceptance.

Hope to get the opportunity to warmly receive you in the institute,

Thanking You.
